employed by the court and the parties to secure the just, speedy, and inexpensive determination of every action and proceeding. However, (1) when the applicable law is unclear or disputed, or (2) when a party believes that the applicable law is incorrectly identified or applied or (3) when a party believes the controlling law is misidentified or misplaced, it's typically framed as a mistake of law or with the intent to induce reliance thereon, as the remedies and legal consequences differ significantly.

Thereby, through this process [P/P] requests & moves the Court for a Declaration of Controlling Law that governs this suit of equity & for reasons & [Rights] stated within:

[P/P]'s submits the attached memorandum in support of this motion.

WHEREFORE, [P/P] respectfully requests that this Court enter a judgment & Order:

Pursuant to Judiciary Act of 1789, SEC. 32, this court respectively shall proceed and give judgment according as the right of the cause and matter in law shall appear unto them, without regarding any imperfections, defects, or want of form in such petition declaration, or other pleading, or course of proceeding whatsoever.

f.n. ¹ Reasons for Filing Motion:

1. Jurisdictional Defects Sought: See Memorandum
2. Violations of Due Process: See Memorandum
3. Inconsistencies with Prior Precedent: See Memorandum
4. Errors of Law: See Memorandum
5. Statutory Defects: See Memorandum
6. Defects in Legal Documents: See Memorandum
7. Dysfunctional Law: See Memorandum

Legal note: In essence, a defect in controlling law undermines the fairness, consistency, and reliability of the legal system. Addressing these defects is crucial for ensuring that the law serves its intended purpose of promoting justice and protecting individual rights.
